Title: Kodyfikacja prawa prywatnego międzynarodowego w Holandii — historia, założenia oraz instytucje części ogólnej / The codification of private international law in the Netherlands- history, principles and general provisions

Source: Kwartalnik Prawa Prywatnego („Quarterly of Private Law”)
year: 2016, vol: XXV, number 1, pages: 105-152

Keywords: Dutch Civil Code, Book 10; Codification; Private International Law Act

Discipline: Law (Private International Law)

Language: Polish

Document type: Article

Publication order reference: Jagiellonian University, Cracow

Abstract:

The article provides a comprehensive account of the codification of Private International Law in the Netherlands (the book 10 of the Dutch Civil Code). The article discusses the history of legislative work on the book 10 as well as its scope and objectives. Particular emphasis is placed on general provision of the book 10 of the Dutch Civil Code and the comparison with the Polish Act on Private International Law of 2011.
