

Initial Stages 2017

Polish Academy of Arts and Sciences
September 18-22, 2017, Cracow, Poland

Topics

Partonic structure of protons and nuclei, Initial stages of heavy-ion collisions
Global and collective dynamics from small to large systems
Hydrodynamics and fluctuating initial conditions
Viscosity and other transport coefficients of the QCD medium
Strong coupling techniques
Multi-parton interactions in pA and AA collisions
Proton-nucleus and lepton-nucleus complementarity

International Advisory Committee

Federico Antinori	Berndt Mueller
Jean-Paul Blaizot	Jamie Nagle
Helen Caines	Jean-Yves Ollitrault
Jorge Casalderrey-Solana	Mateusz Płoskoń
Kari Eskola	Dirk Rischke
Raphael Granier de Cassagnac	Carlos Salgado
Tetsufumi Hirano	Burkhard Schmidt
Sangyong Jeon	Jurgen Schukraft
Yuri Kovchegov	Anna Staśto
Larry McLerran	Peter Steinberg
Guilherme Milhano	Julia Velkovska
Sasha Milov	Xin-Nian Wang

Local and program organizing committee

Andrzej Białas, Piotr Bożek, Wojciech Broniowski, Wojciech Florkowski (Chair),
Krzysztof Golec-Biernat, Romuald Janik, Volker Koch, Krzysztof Kutak, Stanisław Mrówczyński,
Michał Praszalowicz, Krzysztof Redlich, Maciej Rybczyński, Raju Venugopalan, Urs Wiedemann
