Jan Łopuszański Memorial Symposium

Program

Friday, May 29, 2009

12:15 Opening

12:45 Jerzy Lukierski (Wrocław) – *Jan Łopuszański and physics at Wrocław University*

13:20 Zygmunt Galasiewicz (Wrocław) – *From Chair to Institute of Theoretical Physics
– reminiscences*

13:45 – 14:30 Lunch

14:30 Witold Karwowski (Opole) – *My early memories of Jan Łopuszański*

15:00 Andrzej Kobos (Cracow) – *An integral too near*

15:30 – 16:00 Coffee break

16:00 Jerzy Czerwonko (Wrocław) – *Statistical physics with Jan Łopuszański*

16:30 Armin Uhlmann (Leipzig) – *On the role of the scalar product and its eventual
variation*

18:30 Banquet

Saturday, May 30, 2009

9:00 Kacper Zalewski (Cracow) – *Quantum statistics in multiparticle production*

9:45 Peter Stichel (Bielefeld) – *Can cosmic acceleration be caused by exotic massless
particles?*

10:30 Iwo Białynicki-Birula (Warsaw) – *Born-Infeld electrodynamics*

11:00 – 11:30 Coffee break

11:30 Ludwig Streit (Bielefeld) – *Infinite particle systems*

12:15 Wojtek Zakrzewski (Durham) – *Harmonic maps $S^2 \rightarrow CP^{n-1}$ and some surfaces
in R^{n^2-2n}*

12:45 Piotr Garbaczewski (Opole) – *Lévy flights and Lévy semigroups*

13:15 Roman Gielerak (Zielona Góra) – *Thermofield approach to the problem of
Bose-Einstein condensation*

13:45 – 14:30 Lunch
